

**Hispanic Festival 2019**  
**REMINDERS**

- Fire Marshall's inspection requires fire retardant tents code NFPA 701.
- Provide a copy of the fire code certificate if possible.
- Tents should not cover the grills; grills must be to the side or back of the tent.
- Must have fire extinguisher that is up-to-date; label's date must not be expired.
- Propane gas must be 15-feet away from the public.
- Set up time is between 7 am – 10 am; if you arrive after 10 am, you will not be able to sell or set up your space.
- You cannot move any cars or trucks after 11 am. You cannot leave your cars behind the cooking site. Cars or trucks are only allowed behind the cooking site for loading/unloading. You will be assigned a parking space away from the vending area for your vehicles.
- Please keep in mind that the food being stored/unused must not touch the ground at any time.
- No glass bottles allowed for sale.
- Must have a backup generator onsite.
- Remove all tripping hazards (cables, supplies, materials, etc.) from public and cooking areas.
- Fire and Health Department Inspections will start by 9 am.
- Review Health Department Check list for health procedures and health inspection guide.
- DO NOT allow public behind your space, this area is unsafe for the public and is a fire hazard area.
- Stop selling by 5:45 pm and follow breakdown directions.
- Prince George's is a FOAM FREE County. You cannot use or sell in any type of Styrofoam products.
- The space should be completely clean by no later than 7 pm
